

Emergency School Closures or Delays Procedures

Depending on weather conditions or other emergency situations, a decision may be made regarding school closure or delay. The date of a make-up day will be announced following a full-day school closure.

Uintah School District will determine which options will be implemented, but if weather conditions worsen, a two-hour delay could be changed to school closure day. Please monitor your radio or the Uintah School District Facebook page during the morning for any updates or changes. The District is planning to utilize the district's phone communication program to contact families to inform of a possible closure or delay.

OPTION 1: SCHOOL CLOSURE DAY

Students and district employees will stay home and not attend school. Extra-curricular activities for Uintah School District will be determined later in the day, according to weather conditions. Please check the local radio stations (KVEL 920 AM or KLCY 105.5 FM) or the school district's Facebook page for information on extra-curricular activities.

OPTION 2: 2-HOUR SHORTENED DAY SPECIAL SCHEDULE General Information:

- All schedules will begin two (2) hours later.
- Buses will arrive at the bus stops two (2) hours later than usual. (For example, a bus pick-up time at 6:35 a.m. becomes an 8:35 a.m. pick-up time.)
- Half-day kindergarten and Central Cove Preschool will not be held on a shortened day. Full-day kindergarten will be held.
- Dismissal of school in the afternoon will be at the regular time.
- Before-school breakfast will NOT be served.

NOTE: In the unlikely event of a district-wide early release due to inclement weather, parents are encouraged to pick up their student(s) from school. Students will not be released before the regular dismissal time unless absolutely necessary due to severe weather conditions.
